

Junior Industrial and Management Engineer (F/M/X)

[Apply Now](#)

Company: Webasto

Location: Grevenmacher

Category: educational-instruction-and-library

Feel the Drive for us that means making mobility something you can experience with all your senses. We work for more comfort, wind in your hair, the perfect temperature in every season and driving with a clear conscience – for a safe and sustainable future. We make mobility fun – are you there?

As a global, family-owned group of companies, we are the world market leader in the areas of roof and convertible systems as well as auxiliary heaters. We are also one of the established partners for charging solutions and battery systems. Do you like to take responsibility with foresight? To expand our production site for car glass (roofs, windshields and rear windows) in Grevenmacher (Luxembourg), we are looking for committed colleagues (f/m/d) who will help shape our success story through their expertise and passion.

You can look forward to these exciting tasks:

Direct support to the director in the Glass Competence Center regarding organizational and management issues

Creation of decision templates and project presentations

Assist in continuous improvement and change management of project management processes, methodologies and tools

Cost tracking and budget planning of all development projects with status reporting in collaboration with controlling

Creation, tracking and analysis of project KPIs and external development partners

Planning and coordination of steering committees

Cross-regional networking with PMOs from other regions

Support in setting up the Innovation Lab in Luxembourg and software rollouts

Link between the local development organization, the parent company and external development partners

Here's what you can bring to the team:

Technical or economic studies, preferably in mechanical engineering, automotive technology, economy - or a comparable educational background

Knowledge and experience in technical and economic areas, initial project management experience

Initial experience in the automotive industry is a plus

Sound knowledge of MS Office, SAP knowledge is an advantage

Initiative and high motivation to learn new things and find creative solutions

Fluent written and spoken English skills

Webasto is an Equal Opportunity Employer. We do not discriminate against race, color, religion, gender, sexual orientation, gender identity, national origin, age, disability, marital status, veteran or military status, or any other legally protected status.
